Loughinisland GAC

Healthy Club Working Group

The Healthy Club Working Group is answerable to the Executive Committee of Loughinisland GAC. The Working group was elected on 4th February 2019.

The current membership is :

Pat McGreevy Chair

Una Boyd Vice Chair

Catherine Murnin

Our players, officers, coaches, parents, supporters and our neighbours in Loughinisland have and are prone to many of the health issues and problems that are found in any community. The HCWG has the opportunity to be the focal point for enabling additional opportunities for all these people to strive for optimum health.

The Working group will support the holistic health of our members and the community we serve. Our club already contributes to the health and wellbeing of our members by providing opportunities to develop physical, social, emotional, and psychological health.

The Working group will identify what the Club is already doing well, identify areas where we can or would like to improve, and seek to ensure that everyone who engages with our club, benefit from the experience in a health-enhancing way. The Working Group aims to embed a healthy philosophy in the club while integrating health into the day-to-day club activities in a sustainable way. We also aim to place our club at the heart of our community, making it a beacon for health in the locality.

The group will work in a way that is clearly proactive, planned, agreed and focused to achieve measurable improvements in health.
